QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2022

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

EXECUTIVE NETWORK PARTNERING CORPORATION

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation or organization)

001-39521
(Commission
File Number)

85-1669324
(I.R.S. Employer
Identification Number)

137 Newbury Street, 7th Floor
Boston, Massachusetts
(Address of principal executive offices)

02116
(Zip Code)

Registrant's telephone number, including area code: (857) 362-9205

Not Applicable
(Former name or former address, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
CAPS™, each consisting of one share of Class A common stock and one-fourth of one redeemable warrant	ENPC.U	The New York Stock Exchange
Class A common stock, par value \$0.0001 per share	ENPC	The New York Stock Exchange
Redeemable warrants, each whole warrant exercisable for one share of Class A common stock at an exercise price of \$11.50 per share	ENPC WS	The New York Stock Exchange

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, anon-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of August 15, 2022, 42,014,000 shares of Class A common stock, par value \$0.0001, 300,000 shares of Class B common stock, par value \$0.0001, were issued and outstanding, and 828,000 shares of Class F common stock, par value \$0.0001, were issued and outstanding.

EXECUTIVE NETWORK PARTNERING CORPORATION
NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS
JUNE 30, 2022

Note 1-Description of Organization, Business Operations and Going Concern

Organization and General

Executive Network Partnering Corporation (the “Company”) is a blank check company incorporated in Delaware on June 22, 2020. The Company was formed for the purpose of identifying a company to partner with, in order to effectuate a merger, share exchange, asset acquisition, share purchase, reorganization or similar partnering transaction with one or more businesses (“Partnering Transaction”). The Company may pursue a Partnering Transaction in any business or industry but expect to focus on a business where the Company believes its strong network, operational background, and aligned economic structure will provide the Company with a competitive advantage. The Company is an emerging growth company and, as such, the Company is subject to all of the risks associated with emerging growth companies. The Company’s sponsor is ENPC Holdings, LLC, a Delaware limited liability company (the “Sponsor”).

As of June 30, 2022, the Company had not commenced any operations. All activity for the period from June 22, 2020 (inception) through June 30, 2022 relates to the Company’s formation and the initial public offering (“Initial Public Offering”) and since the closing of the Initial Public Offering, the search for a prospective initial Partnering Transaction. The Company will not generate any operating revenues until after the completion of its initial Partnering Transaction, at the earliest. The Company generates non-operating income in the form of interest income on investments held in trust account from the proceeds derived from the Initial Public Offering.

Financing

The registration statement for the Company’s Initial Public Offering was declared effective on September 15, 2020. On September 18, 2020, the Company consummated its Initial Public Offering of 41,400,000 of its securities called CAPS™ (“CAPS™”) (with respect to the Class A common stock included in the CAPS™ being offered, the “Public Shares”), which included 5,400,000 CAPS™ issued as a result of the underwriters’ exercise in full of their over-allotment option, at \$10.00 per CAPS™, generating gross proceeds of \$414.0 million, and incurring offering costs of approximately \$4.8 million.

Concurrently with the closing of the Initial Public Offering, the Company completed the private sale of 614,000 private placement CAPS™ (“Private Placement CAPS™”), at a price of \$10.00 per Private Placement CAPS™ to the Sponsor, generating gross proceeds to the Company of approximately \$6.1 million (Note 4). The CAPS™ have been retroactively restated to reflect the March 24, 2021, 2.5:1 forward stock split for each share of Class A common stock and warrant.

Trust Account

Upon the closing of the Initial Public Offering and the sale of Private Placement CAPS™, \$414.0 million (\$10.00 per CAPS™) of the net proceeds of the sale of the CAPS™ in the Initial Public Offering and the Private Placement were placed in a trust account (“Trust Account”) located in the United States with Continental Stock Transfer & Trust Company acting as trustee, and held as cash or invested only in U.S. “government securities,” within the meaning set forth in Section 2(a)(16) of the Investment Company Act of 1940 (the “Investment Company Act”), with a maturity of 185 days or less, or in money market funds meeting the conditions of paragraphs (d)(2), (d)(3) and (d)(4) of Rule 2a-7 under the Investment Company Act, which invest only in direct U.S. government treasury obligations, as determined by the Company, until the earlier of: (i) the completion of a Partnering Transaction and (ii) the distribution of the Trust Account as described below.

The Company must complete a Partnering Transaction with one or more partner candidate businesses having an aggregate fair market value of at least 80% of the net assets held in the Trust Account (excluding the taxes payable on the income earned on the Trust Account) at the time of the agreement to enter into the initial Partnering Transaction. However, the Company will only complete a Partnering Transaction if the post- transaction company owns or acquires 50% or more of the voting securities of the partner candidate or otherwise acquires a controlling interest in the partner

Table of Contents

candidate sufficient for it not to be required to register as an investment company under the Investment Company Act. The Company's certificate of incorporation provides that, other than the withdrawal of interest earned on the funds that may be released to the Company to pay taxes, none of the funds held in Trust Account will be released until the earlier of: (i) the completion of the Partnering Transaction; (ii) the redemption of any of the common stock included in the CAPS™ being sold in the Initial Public Offering to its holders (the "Public Stockholders") properly tendered in connection with a stockholder vote to amend certain provisions of the Company's certificate of incorporation prior to a Partnering Transaction or (iii) the redemption of 100% of the Public Shares if the Company does not complete a Partnering Transaction within the Partnering Period (defined below).

The Company, after signing a definitive agreement for a Partnering Transaction, will either (i) seek stockholder approval of the Partnering Transaction at a meeting called for such purpose in connection with which Public Stockholders may seek to redeem their Public shares, regardless of whether they vote for or against the Partnering Transaction or do not vote at all, for cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account calculated as of two business days prior to the consummation of the initial Partnering Transaction, including interest earned on the funds held in the Trust Account and not previously released to the Company to pay its taxes, or (ii) provide the Public Stockholders with the opportunity to sell their shares to the Company by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account calculated as of two business days prior to commencement of the tender offer, including interest earned on the funds held in the Trust Account and not previously released to the Company to pay its taxes. As a result, such common stock will be recorded at redemption amount and classified as temporary equity upon the completion of the Initial Public Offering, in accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 480, "Distinguishing Liabilities from Equity." The amount in the Trust Account is initially anticipated to be \$10.00 per Public Share. The decision as to whether the Company will seek stockholder approval of the Partnering Transaction or will allow stockholders to sell their shares in a tender offer will be made by the Company, solely in its discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require the Company to seek stockholder approval. If the Company seeks stockholder approval, it will complete its Partnering Transaction only if a majority of the voting power of the outstanding shares of common stock voted are voted in favor of the Partnering Transaction. However, in no event will the Company redeem its Public Shares in an amount that would cause its net tangible assets to be less than \$5,000,001 immediately prior to or upon consummation of the Company's initial Partnering Transaction. In such case, the Company would not proceed with the redemption of its Public Shares and the related Partnering Transaction, and instead may search for an alternate Partnering Transaction.

The Company will only have 24 months from the closing of the Initial Public Offering, or September 18, 2022 (or 27 months, or December 18, 2022, if the Company has executed a letter of intent, agreement in principle or definitive agreement for the Partnering Transaction within 24 months) to complete its initial Partnering Transaction (the "Partnering Period"). If the Company does not complete a Partnering Transaction within this period of time (and stockholders do not approve an amendment to the certificate of incorporation to extend this date), it will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to their pro rata share of the aggregate amount then on deposit in the Trust Account including interest earned on the funds held in the Trust Account and not previously released to the Company to pay its taxes (less up to \$100,000 of such net interest to pay dissolution expenses), and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining stockholders and the board of directors, liquidate and dissolve, subject in the case of clauses (ii) and (iii), to the Company's obligations under Delaware law to provide for claims of creditors and in all cases subject to the other requirements of applicable law.

The holders of the Founder Shares immediately prior to the Initial Public Offering (the "Initial Stockholders") have entered into a letter agreement with the Company, pursuant to which they have agreed to (i) waive their redemption rights with respect to any Founder Shares (as defined in Note 4) and Public Shares they hold in connection with the completion of the Partnering Transaction, (ii) waive their redemption rights with respect to any Founder Shares and Public Shares they hold in connection with a stockholder vote to approve an amendment to the Company's amended and restated certificate of incorporation to modify the substance or timing of the Company's obligation to redeem 100% of its Public Shares if the Company has not consummated a Partnering Transaction within the Partnering Period or with respect to any other material provisions relating to stockholders' rights or pre-Partnering Transaction activity

Table of Contents

and (iii) waive their rights to liquidating distributions from the Trust Account with respect to any Founder Shares they hold if the Company fails to complete the Partnering Transaction within 24 the Partnering Period (although they will be entitled to liquidating distributions from the Trust Account with respect to any Public Shares they hold if the Company fails to complete the Partnering Transaction within the Partnering Period).

Pursuant to the letter agreement, the Sponsor has agreed that it will be liable to the Company if and to the extent any claims by a third party for services rendered or products sold to the Company, or a prospective target business with which the Company has entered into a written letter of intent, confidentiality or other similar agreement or Partnering Transaction agreement, reduce the amount of funds in the Trust Account to below the lesser of \$10.00 per Public Share and (ii) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per public share due to reductions in the value of the Trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to the monies held in the Trust Account (whether or not such waiver is enforceable) nor will it apply to any claims under the Company's indemnity of the underwriter of the initial public offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act").

Proposed Partnering Transaction

On May 16, 2022, the Company, Granite Ridge Resources, Inc., a Delaware corporation, ENPC Merger Sub, Inc., a Delaware corporation, GREP Merger Sub, LLC, a Delaware limited liability company, and GREP Holdings, LLC, a Delaware limited liability company ("GREP"), entered into a business combination agreement (as it may be amended, supplemented or otherwise modified from time to time, the "Business Combination Agreement") pursuant to which the Company and GREP shall enter into a business combination. For additional information regarding the Business Combination Agreement, see the Company's Current Report on Form 8-K filed with the SEC on May 17, 2022.

Going Concern Considerations

As of June 30, 2022, the Company had approximately \$172,000 in its operating bank account, working capital deficit of approximately \$10.1 million. Interest income on the balance in the Trust Account may be used to pay the Company's franchise and income tax obligations. Management intends to use substantially all of the funds held in the Trust Account to complete the initial Partnering Transaction and to pay the Company's expenses relating thereto. To the extent that the Company's capital stock or debt is used, in whole or in part, as consideration to complete the initial Partnering Transaction, the remaining proceeds held in the Trust Account will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue growth strategies.

The Company's liquidity needs up to the closing of the Initial Public Offering and the sale of Private PlacementCAPS™ had been satisfied through a capital contribution of \$25,000 from the Sponsor to purchase Class F and Class B common stock, the loan under the Note (as defined in Note 4) of approximately \$171,000 to the Company to cover for offering costs in connection with the Initial Public Offering, and the net proceeds from the consummation of the Private Placement not held in the Trust Account. The Company fully repaid the Note on September 22, 2020. In addition, in order to finance transaction costs in connection with a Partnering Transaction, the Company's officers, directors and initial stockholders may, but are not obligated to, provide the Company Working Capital Loans (see Note 4). As of June 30, 2022 and December 31, 2021, there were approximately \$1.5 million and \$430,000 outstanding under the Working Capital Loans, respectively.

In connection with the Company's assessment of going concern considerations in accordance with FASB Accounting Standards Update ("ASU") 2014-15, "Disclosures of Uncertainties about an Entity's Ability to Continue as a Going Concern," the Company has until September 18, 2022 to consummate a Partnering Transaction. It is uncertain that the Company will be able to consummate a Partnering Transaction by this time. If a Partnering Transaction is not consummated by this date, there will be a mandatory liquidation and subsequent dissolution of the Company. Management has determined that the liquidity condition and mandatory liquidation, should a Partnering Transaction not occur, and potential subsequent dissolution raises substantial doubt about the Company's ability to continue as a going concern. Management intends to complete the Business Combination prior to the liquidation date. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after September 18, 2022.

Note 2-Basis of Presentation and Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited condensed financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the “SEC”). Accordingly, certain disclosures included in the annual financial statements have been condensed or omitted from these financial statements as they are not required for interim financial statements under U.S. GAAP and the rules of the SEC. In the opinion of management, all adjustments (consisting of normal accruals) considered for a fair presentation have been included. Operating results for the three and six months ended June 30, 2022 are not necessarily indicative of the results that may be expected for the period ending December 31, 2022, or for any future interim periods.

The accompanying unaudited condensed financial statements should be read in conjunction with the audited financial statements and notes thereto included in the Annual Report on Form 10-K filed by the Company with the SEC on March 30, 2022.

Emerging Growth Company

The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company’s unaudited condensed financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Use of Estimates

The preparation of unaudited condensed financial statements in conformity with U.S. GAAP requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the unaudited condensed financial statements and the reported amounts of expenses during the reporting periods. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the unaudited condensed financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. One of the more significant accounting estimates included in these financial statements is the determination of the fair value of the warrant liability. Accordingly, the actual results could differ significantly from those estimates.

[Table of Contents](#)

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. The Company had no cash equivalents as of June 30, 2022 and December 31, 2021.

Investments Held in Trust Account

The Company's portfolio of investments held in the Trust Account is comprised of U.S. government securities, within the meaning set forth in Section 2(a) (16) of the Investment Company Act, with a maturity of 185 days or less, or investments in money market funds that invest in U.S. government securities and generally have a readily determinable fair value, or a combination thereof. When the Company's investments held in the Trust Account are comprised of U.S. government securities, the investments are classified as trading securities. When the Company's investments held in the Trust Account are comprised of money market funds, the investments are recognized at fair value. Trading securities and investments in money market funds are presented on the balance sheets at fair value at the end of each reporting period. Gains and losses resulting from the change in fair value of these securities are included in net gain from investments held in Trust Account in the accompanying unaudited condensed statements of operations. The estimated fair values of investments held in the Trust Account are determined using available market information.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which, at times, may exceed the Federal Deposit Insurance Corporation coverage of \$250,000, and cash equivalents held in Trust Account. As of June 30, 2022 and December 31, 2021, the Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities which qualify as financial instruments under the FASB ASC Topic 820, "Fair Value Measurements," approximates the carrying amounts represented in the condensed balance sheets, except for the derivative assets and liabilities.

Fair Value Measurement

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers consist of:

- Level 1, defined as observable inputs such as quoted prices for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

[Table of Contents](#)

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

Offering Costs Associated with the Initial Public Offering

Offering costs consisted of legal, accounting, underwriting fees and other costs incurred through the Initial Public Offering that were directly related to the Initial Public Offering. Offering costs were allocated to the separable financial instruments issued in the Initial Public Offering based on a relative fair value basis, compared to total proceeds received. Offering costs associated with derivative warrant liabilities were expensed as incurred and presented as non-operating expenses in the statements of operations. Offering costs associated with the Class A common stock issued were charged against the carrying value of Class A common stock subject to possible redemption upon the completion of the Initial Public Offering. The Company classifies deferred underwriting commissions as non-current liabilities as their liquidation is not reasonably expected to require the use of current assets or require the creation of current liabilities.

Class A Common Stock Subject to Possible Redemption

The Company accounts for its Class A common stock subject to possible redemption in accordance with the guidance in ASC Topic 480 “Distinguishing Liabilities from Equity.” Class A common stock subject to mandatory redemption (if any) is classified as a liability instrument and measured at fair value. Conditionally redeemable Class A common stock (including Class A common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) is classified as temporary equity. At all other times, Class A common stock is classified as stockholders’ equity. As part of the Private Placement CAPS™, the Company issued 614,000 shares of Class A common stock to the Sponsor (“Private Placement Shares”). These Private Placement Shares will not be transferable, assignable or salable until 30 days after the completion of the initial Partnering Transaction, as such are considered non-redeemable and presented as permanent equity in the Company’s condensed balance sheets. The Company’s Class A common stock features certain redemption rights that are considered to be outside of the Company’s control and subject to the occurrence of uncertain future events. Accordingly, as of June 30, 2022 and December 31, 2021, 41,400,000 shares of Class A common stock subject to possible redemption is presented as temporary equity, respectively, outside of the stockholders’ deficit section of the Company’s condensed balance sheets.

Under ASC 480, the Company has elected to recognize changes in the redemption value immediately as they occur and adjust the carrying value of the security to equal the redemption value at the end of each reporting period. This method would view the end of the reporting period as if it were also the redemption date for the security. Immediately upon the closing of the Initial Public Offering, the Company recognized the accretion from initial book value to redemption amount value. The change in the carrying value of the redeemable Class A common stock resulted in charges against additional paid-in capital (to the extent available) and accumulated deficit.

Derivative Warrant Liabilities

The Company does not use derivative instruments to hedge its exposures to cash flow, market or foreign currency risks. The Company evaluates all of the Company’s financial instruments, including issued warrants to purchase its Class A common stock, to determine if such instruments are derivatives or contain features that qualify as embedded derivatives, pursuant to ASC 480 and ASC 815-15. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period.

The Company issued 10,350,000 warrants to purchase Class A common stock to investors in the Company’s Initial Public Offering, including the over-allotment, and simultaneously issued 153,500 Private Placement Warrants. All of the Company’s outstanding warrants are recognized as derivative liabilities in accordance with ASC 815-40. Accordingly, the Company recognizes the warrant instruments as liabilities at fair value and adjusts the instruments to fair value at the end of each reporting period. The liabilities are subject to re-measurement at each balance sheet date until exercised, and any change in fair value is recognized in the condensed statements of operations. The fair value of the warrants issued in connection with the Initial Public Offering was initially measured using a Monte-Carlo simulation model

Table of Contents

and subsequently been measured based on the listed market price of such warrants at each measurement date when separately listed and traded. The fair value of the warrants issued in connection with the Private Placement have been estimated using a Black-Scholes Option Pricing model at each measurement date. The determination of the fair value of the warrant liability may be subject to change as more current information becomes available and, accordingly, the actual results could differ significantly. Derivative warrant liabilities are classified as non-current liabilities, as their liquidation is not reasonably expected to require the use of current assets or require the creation of current liabilities.

Income Taxes

The Company follows the asset and liability method of accounting for income taxes. Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that included the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. The effective tax rate was (0.32)% and 0.00% for the three months ended June 30, 2022 and 2021, respectively, and 0.43% and 0.00% for the six months ended June 30, 2022 and 2021, respectively. The effective tax rate differs from the statutory tax rate of 21% for the three and six months ended June 30, 2022 and 2021, due to changes in fair value in warrant liabilities and the valuation allowance on the deferred tax assets.

ASC Topic 740, "Income Taxes" prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense.

Net (Loss) Income per Share of Common Stock

The Company complies with accounting and disclosure requirements of FASB ASC Topic 260, "Earnings Per Share." The Company has three classes of shares, which are referred to as Class A common stock, Class B common stock and Class F common stock. Income and losses are shared pro rata between the three classes of shares. This presentation assumes a business combination as the most likely outcome. Net income (loss) per share of common stock is calculated by dividing the net income (loss) by the weighted average number of common stock outstanding for the respective period.

The calculation of diluted net (loss) income per share of common stock does not consider the effect of the warrants underlying the Units sold in the Initial Public Offering and the Private Placement Warrants to purchase 10,503,500 shares of Class A common stock in the calculation of diluted (loss) income per share, because their inclusion would be anti-dilutive under the treasury stock method. As a result, diluted net (loss) income per share of common stock is the same as basic net (loss) income per share of common stock for the three and six months ended June 30, 2022 and 2021. Accretion associated with the redeemable Class A common stock is excluded from earnings per share as the redemption value approximates fair value.

The tables below present a reconciliation of the numerator and denominator used to compute basic and diluted net (loss) income per share of common stock for each class of common stock:

	For the Three Months Ended June 30, 2022			For the Three Months Ended June 30, 2021		
	Class A	Class B	Class F	Class A	Class B	Class F
Basic net loss per common stock:						
<i>Numerator:</i>						
Allocation of net loss	\$ (13,636,123)	\$ (97,368)	\$ (268,737)	\$ (1,384,832)	\$ (9,888)	\$ (27,292)
<i>Denominator:</i>						
Weighted average common stock outstanding, basic and diluted	42,014,000	300,000	828,000	42,014,000	300,000	828,000

Recent Accounting Pronouncements

In June 2022, the FASB issued ASU2022-03, ASC Subtopic 820, “Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions”. The ASU amends ASC 820 to clarify that a contractual sales restriction is not considered in measuring an equity security at fair value and to introduce new disclosure requirements for equity securities subject to contractual sale restrictions that are measured at fair value. The ASU applies to both holders and issuers of equity and equity-linked securities measured at fair value. The amendments in this ASU are effective for the Company in fiscal years beginning after December 15, 2023, and interim periods within those fiscal years. Early adoption is permitted for both interim and annual financial statements that have not yet been issued or made available for issuance. The Company is still evaluating the impact of this pronouncement on the condensed financial statements.

The Company’s management does not believe that any other recently issued, but not yet effective, accounting standards updates, if currently adopted, would have a material effect on the accompanying unaudited condensed financial statements.

Note 3-Initial Public Offering

Public CAPS™

On September 18, 2020, the Company consummated its Initial Public Offering of 41,400,000 CAPS™, which included 5,400,000 CAPS™ issued as a result of the underwriters’ exercise in full of their over-allotment option, at \$10.00 per CAPS™, generating gross proceeds of \$414.0 million, and incurring offering costs of approximately \$4.8 million.

Each CAPS™ consists of one share of Class A common stock and one-quarter of one redeemable warrant (each, a “Public Warrant”). Each whole Public Warrant may be exercised to purchase one share of Class A common stock for \$11.50 per share, subject to adjustment (see Note 8).

Underwriting Agreement

The Company granted the underwriters a 45-day option to purchase up to 5,400,000 additional CAPS™ to cover any over-allotment, at the Initial Public Offering price less the underwriting discounts and commissions. The underwriters exercised the over-allotment option in full on September 18, 2020.

The underwriters were entitled to an underwriting discount of \$0.01 per CAPS™, or approximately \$4.1 million in the aggregate, paid upon the closing of the Initial Public Offering.

Note 4-Related Party Transactions

Founder Shares and Performance Shares

On June 22, 2020, the Sponsor paid for certain offering costs on behalf of the Company in exchange for (i) 37,789 Class F common stock (the “Founder Shares”) in exchange for a capital contribution of \$6,250, or approximately \$0.008 per share and (ii) 1,200 shares of Class B common stock (the “Performance Shares”) for a capital contribution of \$18,750, or \$15.625 per share. On July 17, 2020 and March 24, 2021, the Company effected a 100:1 and a 2.5:1 forward stock split for each share of Class B common stock, respectively, resulting in an aggregate of 600,000

[Table of Contents](#)

Performance Shares outstanding. On July 29, 2020, the Company effected a reverse stock split for Class F common stock, resulting in an aggregate of 690,000 shares of Class F common stock outstanding. On September 17, 2020, the Company effected a 1 for 1.2 forward stock split that increased the outstanding Class F common stock from 690,000 shares to 828,000 shares. All shares and associated amounts have been retroactively restated to reflect the stock splits. Of the 828,000 Founder Shares outstanding, up to 108,000 of the Founder Shares would be forfeited depending on the extent to which the underwriter's over-allotment is exercised, so that such Founder Shares would represent 5% of the outstanding shares issued in the Initial Public Offering. The underwriters fully exercised their over-allotment option on September 18, 2020; thus, these 108,000 Founder Shares were no longer subject to forfeiture. The Founder Shares are entitled to (together with the Performance Shares) a number of votes representing 20% of the Company's outstanding common stock (not including the private placement shares) prior to the completion of the Partnering Transaction.

The Initial Stockholders agreed not to transfer, assign or sell any of their Founder Shares until the earlier to occur of (i) 180 days after the completion of the Partnering Transaction and (ii) the date on which the Company completes a liquidation, merger, capital stock exchange or other similar transaction after the Partnering Transaction that results in all of the stockholders having the right to exchange their Class A common stock for cash, securities or other property; except to certain permitted transferees.

Private Placement CAPS™

Substantially concurrently with the closing of the Initial Public Offering, the Company completed the private sale of 614,000 Private Placement CAPS™, at a price of \$10.00 per Private Placement CAPS™ to the Sponsor, generating gross proceeds to the Company of approximately \$6.1 million.

Each Private Placement CAPS™ consists of one share of Class A common stock and one-quarter of one redeemable warrant (each, a "Private Placement Warrant"). Each Private Placement Warrant entitles the holder to purchase one share of Class A common stock at \$1.50 per share. A portion of the proceeds from the sale of the Private Placement CAPS™ was added to the proceeds from the Initial Public Offering held in the Trust Account. If the Company does not complete a Partnering Transaction, then the proceeds will be part of the liquidating distribution to the Public Stockholders and the warrants will expire worthless.

Related Party Loans

On June 22, 2020, the Sponsor agreed to loan the Company up to an aggregate of \$300,000 pursuant to an unsecured promissory note (the "Note") to cover expenses related to this Initial Public Offering. This loan was payable without interest upon the completion of the Initial Public Offering. The Company borrowed approximately \$171,000 under the Note. The Company fully repaid the Note on September 22, 2020. Subsequent to the repayment, the facility was no longer available to the Company.

In order to finance transaction costs in connection with a Partnering Transaction, the Sponsor or an affiliate of the Sponsor or certain of the Company's officers and directors may, but are not obligated to, loan the Company funds as may be required (each a "Working Capital Loan"). Up to \$1.5 million of such Working Capital Loans may be convertible into Private Placement CAPS™ ("Working Capital CAPS™") at a price of \$10.00 per Working Capital CAPS™ at the option of the lender. The Working Capital CAPS™ would be identical to the Private Placement CAPS™ issued to the Sponsor.

The Company has elected the fair value option to account for its Working Capital Loan. As a result of applying the fair value option, the Company records each draw at fair value with a gain or loss recognized at issuance, and subsequent changes in fair value are recorded as change in the fair value of Working Capital Loan on the condensed statements of operations. On September 23, 2021, the Company issued a Working Capital Loan to ENPC Holdings, LLC ("Sponsor"), pursuant to which the Company borrowed \$180,000 for ongoing expenses reasonably related to the business of the Company and the consummation of the Partnering Transaction. On October 27, 2021, the Company issued a Working Capital Loan to the Sponsor, pursuant to which the Company borrowed \$180,000 for ongoing expenses reasonably related to the business of the Company and the consummation of the Partnering Transaction. On February 18, 2022, the Company issued a Working Capital Loan to the Sponsor, pursuant to which the Company borrowed \$340,000 for ongoing expenses reasonably related to the business of the Company and the consummation of the Partnering Transaction. On May 17, 2022, the Company issued a Working Capital Loan to the Sponsor, pursuant to which the Company borrowed approximately \$158,000 for ongoing expenses reasonably related to the business of the Company and the consummation of the Partnering Transaction. On May 27, 2022, the Company issued a Working Capital Loan to the Sponsor, pursuant to which the Company borrowed \$620,000 for ongoing expenses reasonably related to the business of the Company and the consummation of the Partnering Transaction. The Working Capital Loan does not bear any interest. All unpaid principal under the Working Capital Loan will be due and payable in full on the earlier of (i) January 11, 2023 and (ii) the effective date of the Partnering Transaction (such earlier date, the "Maturity Date"). The Sponsor will have the option, at the time of consummation of a Partnering Transaction, to convert any amounts outstanding under the Working Capital Loan into Working Capital CAPS™.

[Table of Contents](#)

During the three and six months ended June 30, 2022, the Company borrowed approximately \$778,000 and \$960,000, respectively, pursuant to the Working Capital Loans for ongoing expenses reasonably related to the business of the Company and the consummation of the Partnering Transaction. As of June 30, 2022 and December 31, 2021, the Company had approximately \$1.5 million and \$430,000 outstanding under the Working Capital Loan, respectively.

Administrative Services Agreement

Commencing on the date that the Company's securities are first listed on the New York Stock Exchange through the earlier of consummation of the Partnering Transaction and the Company's liquidation, the Company will pay an affiliate of the Sponsor for office space, secretarial and administrative services provided to members of the Company's management team \$20,000 per month. The Company incurred \$60,000 in expenses in connection with such services during the three months ended June 30, 2022 and 2021, and \$120,000 in expenses during the six months ended June 30, 2022 and 2021, as reflected in the accompanying unaudited condensed statements of operations. As of June 30, 2022 and December 31, 2021, there were \$100,000 and \$0 outstanding in accounts payable—related party, respectively.

In addition, the Sponsor, executive officers and directors, or any of their respective affiliates will be reimbursed for any out-of-pocket expenses incurred in connection with activities on the Company's behalf such as identifying potential target businesses and performing due diligence on suitable Partnering Transactions. The Company's audit committee will review on a quarterly basis all payments that were made to the Sponsor, executive officers or directors, or their affiliates.

Note 5-Commitments and Contingencies

Registration Rights

The holders of the Founder Shares, Performance Shares, private placement warrants and private placement shares underlying the Private Placement CAPS™ and the Private Placement CAPS™ that may be issued upon conversion of Working Capital Loans (and any shares of Class A common stock into which such securities may convert and that may be issued upon exercise of private placement warrants) are entitled to registration rights pursuant to a registration rights agreement, requiring the Company to register such securities for resale. The holders of these securities are entitled to make up to three demands, excluding short form demands, that the Company registers such securities. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to the completion of the Partnering Transaction. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Partnering Transaction Advisory Engagement Letter.

In September 2020, the Company engaged Evercore Group L.L.C. as a capital markets advisor in connection with the Partnering Transaction to assist the Company with the potential Partnering Transaction. The Company agreed to pay Evercore Group L.L.C. for such services upon the consummation of the Partnering Transaction a cash fee in an amount equal to 2.25% of the gross proceeds of the Initial Public Offering (exclusive of any applicable finders' fees which might become payable), which equates to approximately \$9.3 million. Pursuant to the terms of the capital markets advisory agreement, no fee will be due if the Company does not complete a Partnering Transaction. On May 15, 2022, Evercore Group L.L.C. agreed to waive their right to such fee and such agreement was terminated.

Risks and Uncertainties

Management continues to evaluate the impact of the COVID-19 pandemic on the industry and has concluded that while it is reasonably possible that the pandemic could have a negative effect on the Company's financial position, and the results of its operations and/or search for a target company, the specific impact is not readily determinable as of the date of the unaudited condensed financial statements. The unaudited condensed financial statements do not include any adjustments that might result from the outcome of this uncertainty.

[Table of Contents](#)

In February 2022, the Russian Federation and Belarus commenced a military action with the country of Ukraine. As a result of this action, various nations, including the United States, have instituted economic sanctions against the Russian Federation and Belarus. Further, the impact of this action and related sanctions on the world economy is not determinable as of the date of these unaudited condensed financial statements, and the specific impact on the Company's financial condition, results of operations, and cash flows is also not determinable as of the date of these unaudited condensed financial statements.

Note 6-Warrants

No fractional warrants will be issued upon separation of the CAPS[®] and only whole warrants will trade. Each whole warrant entitles the registered holder to purchase one share of Class A common stock at a price of \$11.50 per share, subject to adjustment as discussed below, at any time commencing on the later of 12 months from the closing of the Initial Public Offering and 30 days after the completion of a Partnering Transaction, provided in each case that the Company has an effective registration statement under the Securities Act covering the shares of Class A common stock issuable upon exercise of the warrants and a current prospectus relating to them is available (or the Company permits holders to exercise their warrants on a cashless basis under the circumstances specified in the warrant agreement) and such shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder. The Company has agreed that as soon as practicable, but in no event later than fifteen (15) business days after the closing of the Partnering Transaction, the Company will use its commercially reasonable efforts to file with the SEC a registration statement for the registration, under the Securities Act, of the shares of Class A common stock issuable upon exercise of the warrants. The Company will use its best efforts to cause the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the warrants in accordance with the provisions of the warrant agreement. If a registration statement covering the shares of Class A common stock issuable upon exercise of the warrants is not effective by the sixtieth (60th) business day after the closing of the Partnering Transaction, warrant holders may, until such time as there is an effective registration statement and during any period when the Company will have failed to maintain an effective registration statement, exercise warrants on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act or another exemption. Notwithstanding the above, if the shares of Class A common stock are at the time of any exercise of a warrant not listed on a national securities exchange such that they satisfy the definition of a "covered security" under Section 18(b)(1) of the Securities Act, the Company may, at its option, require holders of Public Warrants who exercise their warrants to do so on a "cashless basis" in accordance with Section 3 (a)(9) of the Securities Act and, in the event the Company so elect, it will not be required to file or maintain in effect a registration statement, and in the event the Company does not so elect, it will use its best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available.

The warrants will expire five years after the completion of the Partnering Transaction, or earlier upon redemption or liquidation. In addition, if (x) the Company issues additional Class A common stock or equity-linked securities for capital raising purposes in connection with the Partnering Transaction at an issue price or effective issue price of less than \$9.20 per share of Class A common stock (with such issue price or effective issue price to be determined in good faith by the board of directors and, in the case of any such issuance to the Initial Stockholders or its affiliates, without taking into account any shares held by the Initial Stockholders or such affiliates, as applicable, prior to such issuance) (the "Newly Issued Price"), (y) the aggregate gross proceeds from such issuances represent more than 60% of the total equity proceeds, and interest thereon, available for the funding of the Partnering Transaction on the date of the consummation of the Partnering Transaction (net of redemptions), and (z) the volume weighted average trading price of the shares of Class A common stock during the 20 trading day period starting on the trading day after the day on which the Company consummates its Partnering Transaction (such price, the "Market Value") is below \$9.20 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 110% of the Newly Issued Price, and the \$18.00 per share redemption trigger price described below will be adjusted (to the nearest cent) to be equal to 180% of the higher of the Market Value and the Newly Issued Price.

[Table of Contents](#)

The Private Placement Warrants are identical to the Public Warrants, except that the Private Placement Warrants and the shares of Class A common stock issuable upon exercise of the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of a Partnering Transaction, subject to certain limited exceptions. Additionally, the Private Placement Warrants will be non-redeemable so long as they are held by the Sponsor or its permitted transferees. If the Private Placement Warrants are held by someone other than the Sponsor or its permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

The Company may also redeem the Public Warrants, in whole and not in part, at a price of \$0.01 per warrant:

- at any time while the warrants are exercisable,
- upon a minimum of 30 days' prior written notice of redemption,
- if, and only if, the last sales price of shares of the Class A common stock equals or exceeds \$8.00 per share for any 20 trading days within a 30 trading day period (the "30-day trading period") ending three business days before the Company sends the notice of redemption, and
- if, and only if, there is a current registration statement in effect with respect to the shares of Class A common stock underlying such warrants commencing five business days prior to the 30-day trading period and continuing each day thereafter until the date of redemption.

If the Company calls the Public Warrants for redemption, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a "cashless basis," as described in the warrant agreement.

In no event will the Company be required to net cash settle any warrant. If the Company is unable to complete a Partnering Transaction within the Partnering Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company's assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

As of June 30, 2022 and December 31, 2021, the Company had 10,350,000 Public Warrants and 153,500 Private Placement Warrants outstanding.

Note 7-Class A Common Stock Subject to Possible Redemption

The Company's Class A common stock feature certain redemption rights that are considered to be outside of the Company's control and subject to the occurrence of future events. The Company is authorized to issue 380,000,000 Class A common stock with a par value of \$0.0001 per share. Holders of the Company's Class A common stock are entitled to one vote for each share. As of June 30, 2022 and December 31, 2021, there were 41,400,000 Class A common stock outstanding, which were all subject to possible redemption and are classified outside of permanent equity in the condensed balance sheets.

The Class A common stock subject to possible redemption reflected on the condensed balance sheets is reconciled on the following table:

Table of Contents

Gross proceeds from Initial Public Offering	\$414,000,000
Less:	
Fair value of Public Warrants at issuance	(13,558,500)
Offering costs allocated to Class A common stock subject to possible redemption	(4,588,064)
Plus:	
Accretion on Class A common stock subject to possible redemption value	18,146,564
Class A common stock subject to possible redemption as of December 31, 2021	414,000,000
Increase in redemption value of Class A common stock subject to redemption	70,397
Class A common stock subject to possible redemption as of June 30, 2022	<u>\$414,070,397</u>

Note 8-Stockholders' Deficit

Preferred stock-The Company is authorized to issue 1,000,000 shares of preferred stock with a par value of \$0.0001 per share. As of June 30, 2022 and December 31, 2021, there were no shares of preferred stock issued or outstanding.

Class A Common Stock-The Company is authorized to issue 380,000,000 shares of Class A common stock with a par value of \$0.0001 per share. As of June 30, 2022 and December 31, 2021, there were 42,014,000 shares of Class A common stock issued and outstanding, 41,400,000 shares of which were subject to possible redemption and are classified as temporary equity in the accompanying unaudited condensed balance sheets.

Class B Common Stock-The Company is authorized to issue 1,000,000 shares of Class B common stock with a par value of \$0.0001 per share. On July 17, 2020, the Company effected a 100:1 stock split for each share of Class B common stock, resulting in an aggregate of 20,000 shares of Class B common stock outstanding. On March 24, 2021, the Company effected a 2.5:1 forward stock split for each share of Class B common stock, resulting in an aggregate of 300,000 shares of Class B common stock outstanding. All shares and associated amounts have been retroactively restated to reflect the stock split. As of June 30, 2022 and December 31, 2021, there were 300,000 shares of Class B common stock issued and outstanding.

Each year following the completion of a Partnering Transaction, 10,000 shares of the Company's Class B shares will convert into 1,000 shares of Class A common stock. However, if the price of a share of the Company's Class A common stock exceeds \$11.00 for 20 out of any 30 trading days following the completion of the Partnering Transaction, then the number of shares of Class A common stock deliverable ("conversion shares") will be calculated as the greater of: (1) (a) 20% of the increase in the price of one Class A, year-over-year (but only after the price exceeds the "price threshold" being initially \$10.00 and adjusted at the beginning of each year to be equal to the greater of: (i) the price of the Class A common stock for the previous year; and (ii) the price threshold at the end of the previous year) multiplied by (b) the number of shares of Class A common stock outstanding at the close of the Partnering Transaction, excluding those shares of Class A common stock received by the Sponsor through the Class F common stock; and (2) 2,500 shares of Class A common stock. This calculation shall be based on the Company's fiscal year which may change as a result of the Partnering Transaction. The increase in the price of the Class A common stock, shall be based on the Company's annual volume weighted average price ("VWAP") for the Company's fiscal year provided that with respect to the 12th fiscal year end following the Partnering Transaction the conversion calculation for the remaining 10,000 shares of Class B shares, the calculation shall be the greater of (i) such annual VWAP and (ii) the VWAP of the last 20 trading days of such fiscal year.

The conversion shares will be calculated not only on the increase of the price of one share of Class A common stock but also on any dividends paid on one share of Class A common stock in such year. The price threshold for a particular year will be reduced by the dividends per shares of Class A common stock paid in such year. Upon a change of control, holders of the Class B shares shall receive the greater of: (a) the value of 6,000,000 shares of Class A common stock at the time of the announcement of the change of control or \$60,000,000. Such calculation shall decrease by 1/12 each year.

Table of Contents

For so long as any shares of Class B common stock remain outstanding, the Company may not, without the prior vote or written consent of the holders of a majority of the shares of Class B common stock then outstanding, voting separately as a single class, amend, alter or repeal any provision the Company's amended and restated certificate of incorporation, whether by merger, consolidation or otherwise, if such amendment, alteration or repeal would alter or change the powers, preferences or relative, participating, optional or other or special rights of the Class B common stock.

Class F Common Stock-The Company is authorized to issue 50,000,000 shares of Class F common stock with a par value of \$0.0001 per share. On July 29, 2020, the Company effected a reverse stock split for Class F common stock, resulting in an aggregate of 690,000 shares of Class F common stock outstanding. On September 17, 2020, the Company effected a 1 for 1.2 forward stock split that increased the outstanding Class F common stock from 690,000 to 828,000 shares. All shares and associated amounts have been retroactively restated to reflect the reverse stock split on July 29, 2020 and the 1 for 1.2 forward stock split on September 17, 2020. As of June 30, 2022 and December 31, 2021, there were 828,000 shares of Class F common stock issued and outstanding.

The Founder Shares will automatically convert into shares of Class A common stock concurrently with or immediately following the consummation of a Partnering Transaction on a one-for-one basis, subject to adjustment for stock splits, stock dividends, reorganizations, recapitalizations and the like. In the case that additional shares of Class A common stock or equity-linked securities are issued or deemed issued in connection with a Partnering Transaction, the number of shares of Class A common stock issuable upon conversion of all Founder Shares will equal, in the aggregate, on an as converted basis, 5% of the total number of shares of Class A common stock outstanding after such conversion (including the private placement shares) including the total number of shares of Class A common stock issued, or deemed issued or issuable upon conversion or exercise of any equity-linked securities or rights issued or deemed issued, by the Company in connection with or in relation to the consummation of the Partnering Transaction, provided that such conversion of Founder Shares will never occur on a less than one-for-one basis.

For so long as any shares of Class F common stock remain outstanding, the Company may not, without the prior vote or written consent of the holders of a majority of the shares of Class F common stock then outstanding, voting separately as a single class, amend, alter or repeal any provision of the Company's certificate of incorporation, whether by merger, consolidation or otherwise, if such amendment, alteration or repeal would alter or change the powers, preferences or relative, participating, optional or other or special rights of the shares of Class F common stock. Any action required or permitted to be taken at any meeting of the holders of shares of Class F common stock may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of the outstanding shares of Class F common stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of Class F common stock were present and voted.

Note 9-Fair Value Measurements

The following tables present information about the Company's financial assets and liabilities that are measured at fair value on a recurring basis as of June 30, 2022 and December 31, 2021 by level within the fair value hierarchy:

	Fair Value Measured as of June 30, 2022			
	Level 1	Level 2	Level 3	Total
Assets:				
Investments held in Trust Account - U.S. Treasury Securities	\$414,553,871	\$ —	\$ —	\$414,553,871
Liabilities:				
Warrant liabilities - Public Warrants	\$ 9,418,500	\$ —	\$ —	\$ 9,418,500
Warrant liabilities - Private Placement Warrants	\$ —	\$ —	\$141,220	\$ 141,220

[Table of Contents](#)

	Fair Value Measured as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Assets:				
Investments held in Trust Account - U.S. Treasury Securities	\$414,052,978	\$ —	\$ —	\$414,052,978
Liabilities:				
Warrant liabilities - Public Warrants	\$ 7,027,650	\$ —	\$ —	\$ 7,027,650
Warrant liabilities - Private Placement Warrants	\$ —	\$ —	\$107,910	\$ 107,910

Transfers to/from Levels 1, 2, and 3 are recognized at the beginning of the reporting period. There were no transfers between levels for the three and six months ended June 30, 2022 and 2021.

The fair value of the warrants issued in connection with the Initial Public Offering was initially measured using a Monte-Carlo simulation model and subsequently been measured based on the listed market price of such warrants at each measurement date when separately listed and traded in November 2020. The fair value of the warrants issued in connection with the Private Placement has been estimated using a Black-Scholes Option Pricing model at each measurement date.

The estimated fair value of the Private Placement Warrants has been determined using Level 3 inputs. Inherent in a Black-Scholes Option Pricing model are assumptions related to expected stock-price volatility, expected life, risk-free interest rate and dividend yield. The Company estimates the implied volatility based on the trading price of the public warrants as of the valuation date. The risk-free interest rate is based on the U.S. Treasury zero-coupon yield curve on the grant date for a maturity similar to the expected remaining life of the warrants. The expected life of the warrants is assumed to be equivalent to their remaining contractual term. The dividend rate is based on the historical rate, which the Company anticipates remaining at zero.

The following table provides quantitative information regarding Level 3 fair value measurements inputs at their measurement:

	June 30, 2022	December 31, 2021
Exercise price	\$ 11.50	\$ 11.50
Stock price	\$ 9.99	\$ 9.81
Term (in years)	5.00	5.00
Volatility	11.00%	14.20%
Risk-free interest rate	3.01%	1.34%
Dividend yield	0.00%	0.00%
Probability of success	90.00%	80.00%

The change in the fair value of the derivative warrant liabilities measured with Level 3 inputs for the three and six months ended June 30, 2022 and 2021 is summarized as follows:

Level 3 warrant liabilities as of December 31, 2021	\$107,910
Change in fair value of warrant liabilities	(60,325)
Level 3 warrant liabilities as of March 31, 2022	47,585
Change in fair value of warrant liabilities	93,635
Level 3 warrant liabilities as of June 30, 2022	<u>\$141,220</u>
Level 3 warrant liabilities as of December 31, 2020	\$165,780
Change in fair value of warrant liabilities	(30,700)
Level 3 warrant liabilities as of March 31, 2021	135,080
Change in fair value of warrant liabilities	23,025
Level 3 warrant liabilities as of June 30, 2021	<u>\$158,105</u>

Note 10-Subsequent Events

Management has evaluated subsequent events to determine if events or transactions occurring through the date of the unaudited condensed financial statements were issued. Based upon this review, the Company did not identify any subsequent event that would have required adjustment or disclosure in the unaudited condensed financial statements.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

References to the “Company,” “our,” “us” or “we” refer to Executive Network Partnering Corporation. The following discussion and analysis of the Company’s financial condition and results of operations should be read in conjunction with the unaudited condensed financial statements and the notes thereto contained elsewhere in this report. Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties.

Cautionary Note Regarding Forward-Looking Statements

This Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, identify forward-looking statements by terminology such as “may,” “should,” “could,” “would,” “expect,” “plan,” “anticipate,” “believe,” “estimate,” “continue,” or the negative of such terms or other similar expressions. Such statements include, but are not limited to, possible partnering transactions and the financing thereof, and related matters, as well as all other statements other than statements of historical fact included in this Form 10-Q. Factors that might cause or contribute to such a discrepancy include, but are not limited to, those described in our other Securities and Exchange Commission (“SEC”) filings.

Overview

We are a blank check company incorporated in Delaware on June 22, 2020 for the purpose of identifying a company to partner with in order to effectuate a merger, share exchange, asset acquisition, share purchase, reorganization or similar partnering transaction with one or more businesses (“Partnering Transaction”). We may pursue a Partnering Transaction in any business or industry but expect to focus on a business where we believe our strong network, operational background, and aligned economic structure will provide us with a competitive advantage. Our sponsor is ENPC Holdings, LLC, a Delaware limited liability company (our “Sponsor”).

Our registration statements for our initial public offering (the “Initial Public Offering”) became effective on September 15, 2020. On September 18, 2020, we consummated the Initial Public Offering of 16,560,000 (41,400,000 after giving effect to the Stock Split) CAPS™ (with respect to the Class A common stock included in the CAPS™ being offered, the “Public Shares”), which included 2,160,000 CAPS™ (5,400,000 CAPS™ after giving effect to the Stock Split) issued as a result of the underwriters’ exercise in full of their over-allotment option, at \$25.00 per CAPS™ (\$10.00 per CAPS™ after giving effect to the Stock Split), generating gross proceeds of \$414.0 million, and incurring offering costs of approximately \$4.8 million.

Concurrently with the closing of the Initial Public Offering, we completed the private sale of 245,600 (614,000 after giving effect to the Stock Split) private placement CAPS™ (“Private Placement CAPS™”), at a price of \$25.00 per Private Placement CAPS™ (\$10.00 per Private Placement CAPS™ after giving effect to the Stock Split) to the Sponsor, generating gross proceeds to the Company of approximately \$6.1 million.

Upon the closing of the Initial Public Offering and the sale of Private Placement CAPS™, \$414.0 million (\$10.00 per CAPS™ after giving effect to the Stock Split) of the net proceeds of the sale of the CAPS™ in the Initial Public Offering and the Private Placement were placed in a trust account (“Trust Account”) located in the United States with Continental Stock Transfer & Trust Company acting as trustee, and held as cash or invested only in U.S. “government securities,” within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or in money market funds meeting the conditions of paragraphs (d)(2), (d)(3) and (d)(4) of Rule 2a-7 under the Investment Company Act, which invest only in direct U.S. government treasury obligations, as determined by us, until the earlier of: (i) the completion of a Partnering Transaction and (ii) the distribution of the Trust Account as described below.

[Table of Contents](#)

We have 24 months from the closing of the Initial Public Offering, or September 18, 2022 (or 27 months, or December 18, 2022, if we have executed a letter of intent, agreement in principle or definitive agreement for the Partnering Transaction within 24 months) to complete its initial Partnering Transaction (the “Partnering Period”). If we do not complete a Partnering Transaction within this period of time (and stockholders do not approve an amendment to the certificate of incorporation to extend this date), we will (i) cease all operations except for the purpose of winding up, as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, of \$10.00, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining stockholders and our board of directors, liquidate and dissolve, subject in the case of clauses (ii) and (iii), to our obligations under Delaware law to provide for claims of creditors and in all cases subject to the other requirements of applicable law.

On May 16, 2022, the Company, Granite Ridge Resources, Inc., a Delaware corporation, ENPC Merger Sub, Inc., a Delaware corporation, GREP Merger Sub, LLC, a Delaware limited liability company, and GREP Holdings, LLC, a Delaware limited liability company (“GREP”), entered into a business combination agreement (as it may be amended, supplemented or otherwise modified from time to time, the “Business Combination Agreement”) pursuant to which the Company and GREP shall enter into a business combination. For additional information regarding the Business Combination Agreement, see the Company’s Current Report on Form 8-K filed with the SEC on May 17, 2022.

Results of Operations

Our entire activity since inception through June 30, 2022 related to our formation, the preparation for the Initial Public Offering, and since the closing of the Initial Public Offering, the search for a prospective initial Partnering Transaction. We have neither engaged in any operations nor generated any revenues to date. We will not generate any operating revenues until after completion of our initial Partnering Transaction. We generate non-operating income in the form of interest income on investments held in Trust Account. We expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses.

For the three months ended June 30, 2022, we had net loss of approximately \$14.0 million, which consisted of approximately \$6.3 million loss from change in fair value of warrant liabilities, approximately \$8.0 million in general and administrative costs, \$60,000 in related party administrative fee, approximately \$50,000 of franchise tax expense and approximately \$45,000 income tax expense, partially offset by approximately \$474,000 interest income from investments held in Trust Account.

For the three months ended June 30, 2021, we had net loss of approximately \$1.4 million, which consisted of approximately \$1.1 million loss from change in fair value of warrant liabilities, approximately \$264,000 in general and administrative costs, \$60,000 in related party administrative fee and approximately \$50,000 of franchise tax expense, partially offset by approximately \$10,000 interest income from investments held in Trust Account.

For the six months ended June 30, 2022, we had net loss of approximately \$10.7 million, which consisted of approximately \$2.4 million loss from change in fair value of warrant liabilities, approximately \$8.5 million in general and administrative costs, \$120,000 in related party administrative fee, approximately \$75,000 of franchise tax expense and approximately \$45,000 income tax expense, partially offset by approximately \$501,000 interest income from investments held in Trust Account.

For the six months ended June 30, 2021, we had net income of approximately \$200,000, which consisted of approximately \$939,000 gain from change in fair value of warrant liabilities and approximately \$21,000 interest income from investments held in Trust Account, partially offset by \$541,000 in general and administrative costs, \$120,000 in related party administrative fee and approximately \$99,000 of franchise tax expense.

Liquidity, Capital Resources and Going Concern

As of June 30, 2022, we had approximately \$172,000 in our operating bank account and working capital deficit of approximately \$10.1 million, compared to approximately \$371,000 in our operating bank account and working capital of approximately \$277,000 as of June 30, 2021. Interest income on the balance in the Trust Account may be used by us to pay franchise and income tax obligations. We intend to use substantially all of the funds held in the Trust Account

[Table of Contents](#)

to complete the initial Partnering Transaction and to pay our expenses relating thereto. To the extent that our capital stock or debt is used, in whole or in part, as consideration to complete the initial Partnering Transaction, the remaining proceeds held in the Trust Account will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue our growth strategies.

Our liquidity needs up to the closing of the Initial Public Offering and the sale of Private Placement CAPSSM had been satisfied through a capital contribution of \$25,000 from our Sponsor to purchase Class F and Class B common stock, a loan under our note agreement with our Sponsor of approximately \$171,000 (the "Note") to cover for offering costs in connection with the Initial Public Offering, and the net proceeds from the consummation of the Private Placement not held in the Trust Account. We fully repaid the Note on September 22, 2020. In addition, in order to finance transaction costs in connection with a Partnering Transaction, our officers, directors and initial stockholders may, but are not obligated to, provide us Working Capital Loans. As of June 30, 2022 and December 31, 2021, we had approximately \$1.5 million and \$430,000 outstanding under the Working Capital Loans, respectively, compared to \$0 outstanding under the Working Capital Loans as of June 30, 2021.

In connection with our assessment of going concern considerations in accordance with Financial Accounting Standard Board's Accounting Standards Update ("ASU") 2014-15, "Disclosures of Uncertainties about an Entity's Ability to Continue as a Going Concern," we have until September 18, 2022 to consummate a Partnering Transaction. It is uncertain that we will be able to consummate a Partnering Transaction by this time. If a Partnering Transaction is not consummated by this date, there will be a mandatory liquidation and subsequent dissolution of the Company. Management has determined that the liquidity condition and mandatory liquidation, should a Partnering Transaction not occur, and potential subsequent dissolution raises substantial doubt about our ability to continue as a going concern. Management intends to complete the Business Combination prior to the liquidation date. No adjustments have been made to the carrying amounts of assets or liabilities should we be required to liquidate after September 18, 2022.

We continue to evaluate the impact of the COVID-19 pandemic and have concluded that the specific impact is not readily determinable as of the date of the condensed balance sheet. The unaudited condensed financial statements do not include any adjustments that might result from the outcome of this uncertainty.

In February 2022, the Russian Federation and Belarus commenced a military action with the country of Ukraine. As a result of this action, various nations, including the United States, have instituted economic sanctions against the Russian Federation and Belarus. Further, the impact of this action and related sanctions on the world economy are not determinable as of the date of these unaudited condensed financial statements and the specific impact on the Company's financial condition, results of operations, and cash flows is also not determinable as of the date of these unaudited condensed financial statements.

Contractual Obligations

We do not have any long-term debt obligations, capital lease obligations, operating lease obligations, purchase obligations or long-term liabilities, other than an agreement to pay Administrative Services Agreement fees to our Sponsor that total \$20,000 per month for office space, secretarial and administrative services provided to members of our management team. The Company incurred \$60,000 in expenses in connection with such services during the three months ended June 30, 2022 and 2021, and \$120,000 in expenses during the six months ended June 30, 2022 and 2021, as reflected in the accompanying unaudited condensed statements of operations. As of June 30, 2022 and December 31, 2021, there were \$100,000 and \$0 outstanding in related party accounts payable, respectively, as compared to \$0 outstanding in related party accounts payable as of June 30, 2021.

Critical Accounting Policies

This management's discussion and analysis of our financial condition and results of operations is based on our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of our financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities in our financial statements. On an ongoing basis, we evaluate our estimates and judgments, including those related to fair value of financial instruments and accrued expenses. We base our estimates on historical

Table of Contents

experience, known trends and events and various other factors that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. The Company has identified the following as its critical accounting policies:

Class A Common Stock Subject to Possible Redemption

Class A common stock subject to mandatory redemption (if any) is classified as a liability instrument and is measured at fair value. Conditionally redeemable Class A common stock (including Class A common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) is classified as temporary equity. At all other times, Class A common stock is classified as stockholders' equity. As part of the Private Placement CAPS™, we issued 614,000 shares of Class A common stock to the Sponsor ("Private Placement Shares"). These Private Placement Shares will not be transferable, assignable or salable until 30 days after the completion of our initial Partnering Transaction, as such are considered non-redeemable and presented as permanent equity in our condensed balance sheet. Our Class A common stock features certain redemption rights that are considered to be outside of our control and subject to the occurrence of uncertain future events. Accordingly, as of June 30, 2022 and December 31, 2021, 41,400,000 shares of Class A common stock subject to possible redemption are presented as temporary equity, outside of the stockholders' equity (deficit) section of the Company's condensed balance sheets.

Net (Loss) Income per Share of Common Stock

We comply with accounting and disclosure requirements of FASB ASC Topic 260, "Earnings Per Share." We have three classes of shares, which are referred to as Class A common stock, Class B common stock and Class F common stock. Income and losses are shared pro rata between the three classes of shares. Net income (loss) per share of common stock is calculated by dividing the net income (loss) by the weighted average number of common stock outstanding for the respective period.

The calculation of diluted net (loss) income per share of common stock does not consider the effect of the warrants underlying the Units sold in the Initial Public Offering and the Private Placement Warrants to purchase 10,503,500 shares of Class A common stock in the calculation of diluted (loss) income per share, because their inclusion would be anti-dilutive under the treasury stock method. As a result, diluted net (loss) income per share of common stock is the same as basic net (loss) income per share of common stock for the three and six months ended June 30, 2022 and 2021. Accretion associated with the redeemable Class A common stock is excluded from earnings per share as the redemption value approximates fair value.

Derivative Warrant Liabilities

We do not use derivative instruments to hedge its exposures to cash flow, market or foreign currency risks. Management evaluates all of our financial instruments, including issued warrants to purchase its Class A common stock, to determine if such instruments are derivatives or contain features that qualify as embedded derivatives, pursuant to ASC 480 and ASC 815-15. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period.

We issued 10,350,000 warrants to purchase Class A common stock to investors in our Initial Public Offering, including the over-allotment, and simultaneously issued 153,500 Private Placement Warrants. All of our outstanding warrants are recognized as derivative liabilities in accordance with ASC 815-40. Accordingly, we recognize the warrant instruments as liabilities at fair value and adjust the instruments to fair value at each reporting period. The liabilities are subject to re-measurement at each balance sheet date until exercised, and any change in fair value is recognized in our statement of operations. The fair value of the warrants issued in connection with the Initial Public Offering was initially measured using a Monte-Carlo simulation model and subsequently been measured based on the listed market price of such warrants at each measurement date when separately listed and traded. The fair value of the warrants issued in connection with the Private Placement have been estimated using a Black-Scholes Option Pricing model at each measurement date. The determination of the fair value of the warrant liability may be subject to change as more current information becomes available and accordingly the actual results could differ significantly. Derivative warrant liabilities are classified as non-current liabilities as their liquidation is not reasonably expected to require the use of current assets or require the creation of current liabilities.

Recent Accounting Pronouncements

In June 2022, the FASB issued ASU2022-03, ASC Subtopic 820 “Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions”. The ASU amends ASC 820 to clarify that a contractual sales restriction is not considered in measuring an equity security at fair value and to introduce new disclosure requirements for equity securities subject to contractual sale restrictions that are measured at fair value. The ASU applies to both holders and issuers of equity and equity-linked securities measured at fair value. The amendments in this ASU are effective for the Company in fiscal years beginning after December 15, 2023, and interim periods within those fiscal years. Early adoption is permitted for both interim and annual financial statements that have not yet been issued or made available for issuance. The Company is still evaluating the impact of this pronouncement on the condensed financial statements.

Our management does not believe that any other recently issued, but not yet effective, accounting standards updates, if currently adopted, would have a material effect on the accompanying unaudited condensed financial statements.

Off-Balance Sheet Arrangements

As of June 30, 2022, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K.

JOBS Act

The Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”) contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We qualify as an “emerging growth company” and under the JOBS Act are allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, the financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an “emerging growth company,” we choose to rely on such exemptions we may not be required to, among other things, (i) provide an auditor’s attestation report on our system of internal controls over financial reporting pursuant to Section 404, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (auditor discussion and analysis) and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the CEO’s compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our Initial Public Offering or until we are no longer an “emerging growth company,” whichever is earlier.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information otherwise required under this item.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the fiscal quarter ended June 30, 2022, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act. Based on this evaluation, our principal executive officer and principal financial officer has concluded that during the period covered by this report, our disclosure controls and procedures were effective as of June 30, 2022.

Disclosure controls and procedures are designed to ensure that information required to be disclosed by us in our Exchange Act reports is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

Other than the remediation measures discussed directly below, there was no change in our internal control over financial reporting that occurred during the fiscal quarter ended June 30, 2022 covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. The material weakness discussed below was remediated during the quarter ended June 30, 2022.

Remediation of a Material Weakness in Internal Control over Financial Reporting

We recognize the importance of the control environment as it sets the overall tone for the Company and is the foundation for all other components of internal control. Consequently, we designed and implemented remediation measures to address the material weakness previously identified in fiscal year 2021 and enhance our internal control over financial reporting. In light of the material weakness, we enhanced our processes to identify and appropriately apply applicable accounting requirements to better evaluate and understand the nuances of the complex accounting standards that apply to our unaudited condensed financial statements, including providing enhanced access to accounting literature, research materials and documents and increased communication among our personnel and third-party professionals with whom we consult regarding complex accounting applications. The foregoing actions, which we believe remediated the material weakness in internal control over financial reporting, were completed as of the date of June 30, 2022.

PROMISSORY NOTE

\$158,481.23

As of May 17, 2022

Executive Network Partnering Corporation, a Delaware corporation (the “**Maker**”), promises to pay to the order of ENPC Holdings, LLC, a Delaware limited liability company (together with its successors and assigns, the “**Payee**”), the principal sum of ONE HUNDRED FIFTY EIGHT THOUSAND FOUR HUNDRED EIGHTY ONE AND 23/100 DOLLARS (\$158,481.23) in lawful money of the United States of America, on the terms and conditions of this Promissory Note, dated as of the date hereof (as the same may be amended, restated, replaced, supplemented or otherwise modified from time to time, this “**Note**”).

1. **Principal.** The principal balance of this Note shall be repayable on the consummation of the Maker’s merger, share exchange, asset acquisition, share purchase, reorganization or similar partnering transaction with one or more businesses or entities (a “**Partnering Transaction**”). Payee understands that if a Partnering Transaction is not consummated, this Note will not be repaid and all amounts owed hereunder will be forgiven except to the extent that the Maker has funds available to it outside of its trust account established in connection with its initial public offering.

2. **Interest.** No interest shall accrue on the unpaid principal balance of this Note.

3. **Application of Payments.** All payments shall be applied first to payment in full of any costs incurred in the collection of any sum due under this Note, including (without limitation) reasonable attorneys’ fees, then to the payment in full of any late charges and finally to the reduction of the unpaid principal balance of this Note.

4. **Events of Default.** The following shall constitute an event of default (“**Event of Default**”):

(a) **Failure to Make Required Payments.** Failure by Maker to pay the principal of this Note within five (5) business days following the date when due.

(b) **Voluntary Bankruptcy, Etc.** The commencement by Maker of a voluntary case under the Federal Bankruptcy Code, as now constituted or hereafter amended, or any other applicable federal or state bankruptcy, insolvency, reorganization, rehabilitation or other similar law, or the consent by it to the appointment of or taking possession by a receiver, liquidator, assignee, trustee, custodian, sequestrator (or other similar official) of Maker or for any substantial part of its property, or the making by it of any assignment for the benefit of creditors, or the failure of Maker generally to pay its debts as such debts become due, or the taking of corporate action by Maker in furtherance of any of the foregoing.

(c) **Involuntary Bankruptcy, Etc.** The entry of a decree or order for relief by a court having jurisdiction in the premises in respect of maker in an involuntary case under the Federal Bankruptcy Code, as now or hereafter constituted, or any other applicable federal or state bankruptcy, insolvency or other similar law, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of Maker or for any substantial part of its property, or ordering the winding-up or liquidation of its affairs, and the continuance of any such decree or order unstayed and in effect for a period of sixty (60) consecutive days.

5. Remedies.

(a) Upon the occurrence of an Event of Default specified in Section 4(a), Payee may, by written notice to Maker, declare this Note to be due and payable, whereupon the principal amount of this Note, and all other amounts payable thereunder, shall become immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby expressly waived, anything contained herein or in the documents evidencing the same to the contrary notwithstanding.

(b) Upon the occurrence of an Event of Default specified in Sections 4(b) and 4(c), the unpaid principal balance of, and all other sums payable with regard to, this Note shall automatically and immediately become due and payable, in all cases without any action on the part of Payee.

6. Conversion. Upon consummation of a Partnering Transaction, the Payee shall have the option, but not the obligation, to convert the principal balance of this Note, in whole or in part at the option of the Payee, into Working Capital CAPS™ (as defined in that certain Warrant Agreement, dated September 15, 2020, by and between the Maker and Continental Stock Transfer & Trust Company, as warrant agent), at a price of \$10.00 per Working Capital CAPS™. As promptly after notice by Payee to Maker to convert the principal balance of this Note, which must be made at least twenty-four (24) hours prior to the consummation of the Partnering Transaction, as reasonably practicable and after Payee's surrender of this Note, Maker shall have issued and delivered to Payee, without any charge to Payee, a CAPS™ certificate or certificates (issued in the name(s) requested by Payee), or made appropriate book-entry notation on the books and records of the Maker, for the number of CAPS™ of Maker issuable upon the conversion of this Note.

7. Waivers. Maker and all endorsers and guarantors of, and sureties for, this Note waive presentment for payment, demand, notice of dishonor, protest, and notice of protest with regard to the Note, all errors, defects and imperfections in any proceedings instituted by Payee under the terms of this Note, and all benefits that might accrue to Maker by virtue of any present or future laws exempting any property, real or personal, or any part of the proceeds arising from any sale of any such property, from attachment, levy or sale under execution, or providing for any stay of execution, exemption from civil process, or extension of time for payment; and Maker agrees that any real estate that may be levied upon pursuant to a judgment obtained by virtue hereof, on any writ of execution issued hereon, may be sold upon any such writ in whole or in part in any order desired by Payee.

8. Unconditional Liability. Maker hereby waives all notices in connection with the delivery, acceptance, performance, default, or enforcement of the payment of this Note, and agrees that its liability shall be unconditional, without regard to the liability of any other party, and shall not be affected in any manner by any indulgence, extension of time, renewal, waiver or modification granted or consented to by Payee, and consents to any and all extensions of time, renewals, waivers, or modifications that may be granted by Payee with respect to the payment or other provisions of this Note, and agree that additional makers, endorsers, guarantors, or sureties may become parties hereto without notice to them or affecting their liability hereunder.

9. Notices. Any notice called for hereunder shall be deemed properly given if (i) sent by certified mail, return receipt requested, (ii) personally delivered, (iii) dispatched by any form of private or governmental express mail or delivery service providing receipted delivery, (iv) sent by telefacsimile or (v) sent by e-mail, to the following addresses or to such other address as either party may designate by notice in accordance with this Section:

If to Maker:
Executive Network Partnering Corporation
137 Newbury Street, 7th Floor
Boston, MA 02116

Attention: Alex Dunn

If to Payee:

ENPC Holdings, LLC
137 Newbury Street, 7th floor
Boston, MA 02116
Attention: Alex Dunn

Notice shall be deemed given on the earlier of (i) actual receipt by the receiving party, (ii) the date shown on a telefacsimile transmission confirmation, (iii) the date on which an e-mail transmission was received by the receiving party's on-line access provider (iv) the date reflected on a signed delivery receipt, or (v) two (2) Business Days following tender of delivery or dispatch by express mail or delivery service.

10. Trust Waiver. Notwithstanding anything herein to the contrary, the Payee hereby waives any and all right, title, interest or claim of any kind ("**Claim**") in or to any distribution of or from the trust account established in which proceeds of the Makers initial public offering of securities ("**IPO**") (including the deferred underwriters discounts and commissions) and proceeds of the sale of the CAPSSM issued in a private placement which occurred in connection with the consummation of the IPO are deposited, as described in greater detail in the registration statement and prospectus filed with the Securities and Exchange Commission in connection with the IPO, and hereby agrees not to seek recourse, reimbursement, payment or satisfaction for any Claim against the trust account for any reason whatsoever.

11. Construction. This Note shall be construed and enforced in accordance with the domestic, internal law, but not the law of conflict of laws, of the State of New York.

12. Severability. Any provision contained in this Note which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

[Remainder of Page Intentionally Left Blank]

IN WITNESS WHEREOF, the Maker, intending to be legally bound hereby, has caused this Note to be duly executed by its Chief Financial Officer the day and year first above written.

PROMISSORY NOTE

\$620,000.00

As of May 27, 2022

Executive Network Partnering Corporation, a Delaware corporation (the “**Maker**”), promises to pay to the order of ENPC Holdings, LLC, a Delaware limited liability company (together with its successors and assigns, the “**Payee**”), the principal sum of SIX HUNDRED TWENTY THOUSAND AND 00/100 DOLLARS (\$620,000.00) in lawful money of the United States of America, on the terms and conditions of this Promissory Note, dated as of the date hereof (as the same may be amended, restated, replaced, supplemented or otherwise modified from time to time, this “**Note**”).

1. **Principal.** The principal balance of this Note shall be repayable on the consummation of the Maker’s merger, share exchange, asset acquisition, share purchase, reorganization or similar partnering transaction with one or more businesses or entities (a “**Partnering Transaction**”). Payee understands that if a Partnering Transaction is not consummated, this Note will not be repaid and all amounts owed hereunder will be forgiven except to the extent that the Maker has funds available to it outside of its trust account established in connection with its initial public offering.

2. **Interest.** No interest shall accrue on the unpaid principal balance of this Note.

3. **Application of Payments.** All payments shall be applied first to payment in full of any costs incurred in the collection of any sum due under this Note, including (without limitation) reasonable attorneys’ fees, then to the payment in full of any late charges and finally to the reduction of the unpaid principal balance of this Note.

4. **Events of Default.** The following shall constitute an event of default (“**Event of Default**”):

(a) **Failure to Make Required Payments.** Failure by Maker to pay the principal of this Note within five (5) business days following the date when due.

(b) **Voluntary Bankruptcy, Etc.** The commencement by Maker of a voluntary case under the Federal Bankruptcy Code, as now constituted or hereafter amended, or any other applicable federal or state bankruptcy, insolvency, reorganization, rehabilitation or other similar law, or the consent by it to the appointment of or taking possession by a receiver, liquidator, assignee, trustee, custodian, sequestrator (or other similar official) of Maker or for any substantial part of its property, or the making by it of any assignment for the benefit of creditors, or the failure of Maker generally to pay its debts as such debts become due, or the taking of corporate action by Maker in furtherance of any of the foregoing.

(c) **Involuntary Bankruptcy, Etc.** The entry of a decree or order for relief by a court having jurisdiction in the premises in respect of maker in an involuntary case under the Federal Bankruptcy Code, as now or hereafter constituted, or any other applicable federal or state bankruptcy, insolvency or other similar law, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of Maker or for any substantial part of its property, or ordering the winding-up or liquidation of its affairs, and the continuance of any such decree or order unstayed and in effect for a period of sixty (60) consecutive days.

5. **Remedies.**

(a) Upon the occurrence of an Event of Default specified in Section 4(a), Payee may, by written notice to Maker, declare this Note to be due and payable, whereupon the principal amount of this Note, and all other amounts payable thereunder, shall become immediately due and payable without presentment, demand, protest or other notice of any kind, all of which are hereby expressly waived, anything contained herein or in the documents evidencing the same to the contrary notwithstanding.

(b) Upon the occurrence of an Event of Default specified in Sections 4(b) and 4(c), the unpaid principal balance of, and all other sums payable with regard to, this Note shall automatically and immediately become due and payable, in all cases without any action on the part of Payee.

6. Conversion. Upon consummation of a Partnering Transaction, the Payee shall have the option, but not the obligation, to convert the principal balance of this Note, in whole or in part at the option of the Payee, into Working Capital CAPS™ (as defined in that certain Warrant Agreement, dated September 15, 2020, by and between the Maker and Continental Stock Transfer & Trust Company, as warrant agent), at a price of \$10.00 per Working Capital CAPS™. As promptly after notice by Payee to Maker to convert the principal balance of this Note, which must be made at least twenty-four (24) hours prior to the consummation of the Partnering Transaction, as reasonably practicable and after Payee's surrender of this Note, Maker shall have issued and delivered to Payee, without any charge to Payee, a CAPS™ certificate or certificates (issued in the name(s) requested by Payee), or made appropriate book-entry notation on the books and records of the Maker, for the number of CAPS™ of Maker issuable upon the conversion of this Note.

7. Waivers. Maker and all endorsers and guarantors of, and sureties for, this Note waive presentment for payment, demand, notice of dishonor, protest, and notice of protest with regard to the Note, all errors, defects and imperfections in any proceedings instituted by Payee under the terms of this Note, and all benefits that might accrue to Maker by virtue of any present or future laws exempting any property, real or personal, or any part of the proceeds arising from any sale of any such property, from attachment, levy or sale under execution, or providing for any stay of execution, exemption from civil process, or extension of time for payment; and Maker agrees that any real estate that may be levied upon pursuant to a judgment obtained by virtue hereof, on any writ of execution issued hereon, may be sold upon any such writ in whole or in part in any order desired by Payee.

8. Unconditional Liability. Maker hereby waives all notices in connection with the delivery, acceptance, performance, default, or enforcement of the payment of this Note, and agrees that its liability shall be unconditional, without regard to the liability of any other party, and shall not be affected in any manner by any indulgence, extension of time, renewal, waiver or modification granted or consented to by Payee, and consents to any and all extensions of time, renewals, waivers, or modifications that may be granted by Payee with respect to the payment or other provisions of this Note, and agree that additional makers, endorsers, guarantors, or sureties may become parties hereto without notice to them or affecting their liability hereunder.

9. Notices. Any notice called for hereunder shall be deemed properly given if (i) sent by certified mail, return receipt requested, (ii) personally delivered, (iii) dispatched by any form of private or governmental express mail or delivery service providing receipted delivery, (iv) sent by telefacsimile or (v) sent by e-mail, to the following addresses or to such other address as either party may designate by notice in accordance with this Section:

If to Maker:
Executive Network Partnering Corporation
137 Newbury Street, 7th Floor
Boston, MA 02116

Attention: Alex Dunn

If to Payee:

ENPC Holdings, LLC
137 Newbury Street, 7th Floor
Boston, MA 02116
Attention: Alex Dunn

Notice shall be deemed given on the earlier of (i) actual receipt by the receiving party, (ii) the date shown on a telefacsimile transmission confirmation, (iii) the date on which an e-mail transmission was received by the receiving party's on-line access provider (iv) the date reflected on a signed delivery receipt, or (v) two (2) Business Days following tender of delivery or dispatch by express mail or delivery service.

10. Trust Waiver. Notwithstanding anything herein to the contrary, the Payee hereby waives any and all right, title, interest or claim of any kind ("**Claim**") in or to any distribution of or from the trust account established in which proceeds of the Makers initial public offering of securities ("**IPO**") (including the deferred underwriters discounts and commissions) and proceeds of the sale of the CAPSTM issued in a private placement which occurred in connection with the consummation of the IPO are deposited, as described in greater detail in the registration statement and prospectus filed with the Securities and Exchange Commission in connection with the IPO, and hereby agrees not to seek recourse, reimbursement, payment or satisfaction for any Claim against the trust account for any reason whatsoever.

11. Construction. This Note shall be construed and enforced in accordance with the domestic, internal law, but not the law of conflict of laws, of the State of New York.

12. Severability. Any provision contained in this Note which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

[Remainder of Page Intentionally Left Blank]

**CERTIFICATION PURSUANT TO RULES 13a-14 AND 15d-14
UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED**

I, Alex Dunn, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q for the quarter ended June 30, 2022 of Executive Network Partnering Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls over financial reporting.

**CERTIFICATION PURSUANT TO 18 U.S.C. 1350 AS ADOPTED BY
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report of Executive Network Partnering Corporation (the "Company") on Form 10-Q for the quarter ended June 30, 2022, as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Alex Dunn, Chief Executive Officer and Chief Financial Officer of the Company, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that, to my knowledge:

- (1) the Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) the information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.
